

7000 SERIES

7007 Protective Caps & Grommets

REBLING POWER CONNECTORS

Rebling's 7007 Grommets and Plugs are made from aerospace grade EPDM meeting AMS3260B. Grommets and Plugs provide FOD protection by preventing the entry of foreign objects into your high current connectors, and the grommets provide additional protection against cable jacket wear.

Ordering Information:

Hole size is denoted in 1/16" intervals from 7/16-11/16.

653A1659-X

- | | |
|-----|----------------|
| -0 | Plug (no hole) |
| -7 | 0.438" Ø |
| -8 | 0.500" Ø |
| -9 | 0.563" Ø |
| -10 | 0.625" Ø |
| -11 | 0.688" Ø |
